STATOTHR

Reference our phone conversation of 18 October: (1) Attached is a letter and resume sent me by in support of her STATOTHR Agency employment. As we discussed, I don't immediately see a good fit with the foreign areas geographic research work of OBGI, but she certainly seems to have potential for other offices. We, too, might be able to use her if she should complete a career training program. (2) was recommended STATOTHR to me by long distance telephone last week by Professor **STATOTHR** STATOTHR Professor s an intelligent and discriminating man. As I remarked, his previous recommendation to us, whom we hired,

S™TOTHR

is working out beautifully; the relative merits of STATOTHR and the other person are demonstrated by their positions on a scale of 5 -- he puts the latter at 2-3/4 and **STATOTHR** at 5.
